

Technical Guidelines for Health Safety in the work environment

- A gradual, although “subject to authorization”, return-to-work program is presented with the participation of 3 Secretaries of State and the institutes of social security.
- The compliance of said guidelines is extensive but it is comprehensible and achievable.
- These documents are instruments that will evolve with time according to the pandemic and to other factors.

RED

Justice and legislative institutions will resume activities only via videoconference.

ORANGE

Operating business activities will take place by appointment only and there will be intensive digitalization.

YELLOW

Customer service by appointment will begin for current operating sectors, and government offices will return, while adhering to digitalization.

GREEN

All offices will resume activities and window services for all procedures will begin.
